

February

**BOYS & GIRLS CLUB**  
 OF GREATER HAVERHILL

# Monthly Newsletter

"Great futures start **here**"

## Member & Mentor of the Month

Our February member of the month is Myles Milette! Myles is a wonderful role model to those around him. He is always willing to help others and making sure he attends every program space. We are truly so proud of him.

Natalie is our February mentor of the month! Natalie is our cheerleading coach, who also runs the dance and yoga program! She continuously strives for the best and works hard to instill love, power, and strength in our members, she goes above and beyond, and we could not be any more thankful for her!

## Celtics Trip

This month we were fortunate enough to bring some of our high school hub and tween members on a trip to TD Garden to watch the Celtics play! This was made possible by our Board member Matt Russo. Our members had a great time and were so thankful for the experience.

After School Programming  
2023-2024 Fall

## February Vacation

**February Vacation week was a blast! Our members attended the club in the morning to do regular schooling with teachers who dedicated their time! During the afternoon our afterschool staff held fun activities for members to participate in, like crystal terrariums, games, cloud dough and more!**

## Harvard Law

**Our High School Hub members went to the Harvard Law School to take a tour and work on their statements with their student mentors! They got to do interview recordings for Student Speak's Current Conversations where students from different schools all answer the same questions.**

## National Art Contest

**This month we have three National Art Contest participants, all three members have put in great effort into their art work and can't wait to show it off!**

## Museum Of Science

**iDesign members got to take a field trip to the Museum of science! Our members had a wonderful time.**

**They got to experience a light show, learn and explore lots of science, watch a movie, and so much more!  
A fan favorite was the robot dog.**

### Club Hours

**Club open for after school programming daily  
2:30 p.m to 7:00 p.m  
Front Desk opens at 11:00 a.m. for inquiries**
